EXPERIENCE / LEADERSHIP

Think India, NIT Agartala — Management Team

Nov 2025 – Present

- Built a sponsorship outreach automation pipeline: scraped Tripura/Agartala Instagram pages, captured page screenshots using Playwright, and used the Gemini API to analyze leads, with utility scripts for deduplication and orchestration.
- Provided technical helpdesk support to students, resolving issues related to payment failures and document uploads.
- Assisted in organizing college-wide events, including Chhath Puja celebrations and the Convocation ceremony.

PROJECTS

SIH Academia Portal

Ongoing

- Developing an academia portal for Smart India Hackathon, focusing on backend architecture and database design.

NITA-DATING

Ongoing

- Building a student matchmaking platform for NIT Agartala, handling frontend, backend, and database integration.

Student Portal

Aug 2026

- Developed a full-stack Node.js/Express web application with MVC architecture (controllers, models, routes) enabling users to access, update, and delete database records; deployed on Vercel.

KHAT — Real-Time Chat App

Apr 2026

- Built a lightweight two-way persistent chat application in C++ using sockets to learn real-time client-server communication over a local network.

Tic-Tac-Toe
